Our **Summer Block Party** was a huge success! Our **Teen In Leadership (LIT)** group did a wonderful job in helping bring this event to life this year! The Teens have been making positive and lasting impacts in our community!

We had 7 Kennedy Heights residents make delicious food options representing the diversity in our community; from Colombian, American Soul, Thai, Cambodian, and Hmong.

**Director's note:** Thank you so much to all the partners that helped make this event the success it was-- It really takes a village I was reminded of the power of unity, collaboration, and collective action! *-ELSA*

Support our vision for a thriving, stable community where everyone can flourish. Help make our new Adult and older Teen Programs a permanent part of Kennedy Heights with your generous contribution. We believe that by investing in the potential of our youth and equipping them with essential leadership skills, we can make a significant and lasting impact on reducing violence among teenagers.
